Sleep a Night in His Bed!

A few months ago, a diverse group of homeless men joined in the rape crisis event, "Walk a Mile in Her Shoes". This annual walk is a great event that works diligently at raising awareness for women's safety and protection. The participating men put on bright red heels and walked a long, painful mile. Many of these manly men, who work on their feet all day, suffered greatly while looking classy and helping a great cause. Well, another cause has reared its head: The second annual prayer vigil at Mahon Library. We will lament for the plight of our homeless in the Hub-City. The most important thing will be to share in solidarity with the poorest of the poor. So come prepared, bring cardboard, tears, and a sleeping bag. That's right! We will be spending a night in his bed.

When: November 7th

Where: Downtown Mahon Library (Next to the Civic Center)

What Time: 6:30 pm

Why: Because you care

Last year, over 300 of us joined the ranks in hopes of change and promoting respect. We have been lying down, now it is time to stand up!

The Hobo Cookbook (Betty Crocker eat your heart out)

Ramen Noodles are always a staple in the urban outdoors persons' repertoire. They can be mixed with almost anything! This includes but is not limited to spam, tuna, cheese, beans or even vienny weinys (eww).

Another resource-ful facet on the menu is a unique bowl of cereal. Receiving an estimated five

stars, this bowl includes a heavy dose of innovation.

First, one needs the cereal that comes premade in a little bowl. After you acquire this little piece of heaven, add about six dry creamer packages. Finally, add a small amount of

water and enjoy. The empty cereal bowl can be washed out and reused as necessary. Always keep

some dry creamer on you. 7-11 is a good resource. Have fun and bone-a-petite!

Also, I wanted to say that without our beloved churches and outreaches, we would be hungry. **JUST PRAY!**

Ruthie K.

Jacob's Ladder— Our Featured Eatery

Jacob's Ladder is a church outreach that has recently started doing some new things as of late. They are open 8:30-4:30 Monday through Friday. The goers of this lovely place describe it as "hip", "café like" and "pleasant". It is a non-smoking environment that boasts good coffee at no price and a good conversational atmosphere. They are located at 17th and Buddy Holly. So if you're looking for a quaint place away from the chaos of the street, then stop by with a smile and good attitude, of course.

Here's to you,
Dede

A Pandering Moment...

Think of the phrase “punishable by death”. Often being around a ragamuffin group of criminals, whom I love dearly, I get a good dose of jail house advice. The other day a friend pandered out, “How do we get off killing someone (the death penalty) to prove that killing is wrong.” I follow the conversation to a point. I myself claim to be a pacifist, but I am not up against any odds. I have been handed the keys of “Middle Class America”. It has become apparent to me that if I want to be non-violent it very seriously means opposing the violent forces of the world. Even if it is not my fight in the “eye for eye” justice system. Be the soul you want to be all the time, or fragment your life to be P.C. like the rest of us spineless Americans.

Hobo Humor

Joke of the Week

Little Johnny's kindergarten class was on a field trip to their local police station where they saw pictures tacked to a bulletin board of the 10 most wanted criminals. One of the youngsters pointed to a picture and asked if it really was the photo of a wanted person. 'Yes,' said the policeman. 'The detectives want very badly to capture him. 'Little Johnny asked, 'Why didn't you keep him when you took his picture?'

Wisdom for the Journey:

Give a hand-up not a hand-out.

All who wander are not lost.

“The poverty of being unwanted, unloved and uncared for is the greatest poverty.”
